**Footnote Description**

1. When the Standby Mode is set to ECO, network functions such as Power On via LAN will not operate. Also, only certain commands can be received for external control using the serial terminal.
2. Measurement, measuring conditions, and method of notation all comply with ISO 21118 international standards.
3. Average value. May differ depending on the actual unit.
4. With legs at shortest position.
5. When operating temperature is between 35 °C (95 °F) and 40 °C (104 °F), lamp power automatically switches to ECO in order to protect the projector.
